ABOUT PENDULUM

"Pendulum" is about the inescapable journey into the future, as seen through the horrified eye of someone who wants nothing more than to hold onto the past; A panicked soul watching helplessly as their identity and sense of self is swept away by the unstoppable forward current of time...

"Life's but a walking shadow, a poor player /
That struts and frets his hour upon the stage /
And then is heard no more."

- William Shakespeare (Macbeth)
